Belden SLM and Double Bubble™ Tech Express Tool Kits

Belden tool kits provide installers a convenient carrying case for both strip and compression tools.

Experience the remarkable connections that are created with Cable Pro compression tools and cable strip tools

Features & Benefits

- Each kit contains a Cable Pro compression tool and cable strip tool
- Compression tools are made in the USA of solid steel for maximum strength and durability, but crafted to be lightweight and easy to use
- Superior TRUE 360° connection with Cable Pro compression tool
- Cost savings by purchasing both tools together in one kit

SLMPSAKIT Tech Express Kit

- Cable Pro Linear Compliant Compression Tool (CPLCCT-SLM) and adapter tips
- Cable Pro cable strip tool (PSA59/6) for RG59 and RG6 with extra blade cartridge

DBPSAKIT Tech Express Kit

- Cable Pro Double Bubble™ compression tool (CPLCRBC-B) and adapter tip
- Cable Pro cable strip tool (PSA59/6) for RG59 and RG6 with extra blade cartridge
