# Patch panel CSA Plus 24/8

shielded, loaded with 24 RJ45 jacks, Category 6_A (IEC)

suitable for 10GBase-T

Patch panel CSA Plus 24/8 Cat.6A (IEC), shielded

Description

Shielded 19"/1U patchpanel for the transmission of digital and analogues voice, video and data signals.

When used together with Cat.6A, 7 or 7A data cables the patch panel is suitable for all applications up to Class EA (500 MHz), including 10-gigabit Ethernet.

Designed to keep the electromagnetic influence of adjacent data cables as small as possible and to fulfil the required Allien Crosstalk limit values.

Applicable for Power over Ethernet (PoE) / PoE+ in accordance with IEEE 802.3at.
